

T B E BRYER COMPANY

Galvalume® Limited Warranty

The Bryer Company warrants to the buyer that The Bryer Company's hot dipped aluminum-zinc alloy coated GALVALUME® sheet steel sold for use as painted or unpainted steel building roofing and siding panels, if erected within the United States, will not rupture, fail structurally, or perforated within a period of twenty-five (25) years after shipment from The Bryer Company due to exposure to normal environmental and atmospheric conditions.

This warranty DOES NOT APPLY to sheets exposed at any time to corrosive or aggressive environmental conditions, including but not limited to:

- 1) Areas subject to salt water or marine atmospheres (within one mile), salt spray or salt in the air.
- 2) Areas subject to fallout or exposure to corrosive chemicals, fumes, ash, cement dust, animal waste, or its decomposition by-products, carbon black, or fallout from copper, lead, nickel or silver mining or refining operations.
- 3) Areas subject to water run-off from lead or copper flashings or areas where the Galvalume sheet is in contact with lead or copper.
- 4) Conditions / circumstances where corrosive fumes or condensates are generated or released inside the building.
- 5) High humidity or corrosion from the inside of the building.

This warranty DOES NOT APPLY in the event of:

- 1) Installation on slopes of the roof or sections of the roof flatter than 1/4:12.
- 2) Mechanical, chemical or other damage sustained during shipment, storage, forming, fabrication, or erection.
- 3) Forming which incorporates severe reverse bending or which subjects the metallic coating to alternate compression and tension.
- 4) Bends less than 2T inside bend diameter for sheet thickness 0.030" and thinner, and less than 4T for sheet thickness 0.031" and thicker.
- 5) Failure to provide free drainage of water, including internal condensation, from overlaps and all other surfaces of sheets or panels.
- 6) Failure to remove debris such as dirt, leaves, and rubbish from overlaps and all other surfaces of sheets or panels.
- 7) Damage caused to the metallic coating by improper forming, scouring or cleaning procedures.
- 8) Deterioration of the panels caused by contact with green, wet or pressure treated lumber or wet storage stain caused by water or condensation.
- 9) Presence of damp insulation, soil, vegetation, or other corrosive materials in contact with or in close proximity to the panel.
- 10) Deterioration to the panels caused directly by panel contact with fasteners. Selection of suitable long-lasting fasteners to be used with Galvalume roofing or siding panels rest solely with the Buyer. Fasteners are to be insulated from panel surface (EPDM grommets) to prevent dissimilar metal contact.
- 11) Failure caused by acts of God, falling objects, external forces, explosions, fires, riots, civil commotions, acts of war or radiation.
- 12) Failure due to use in manner not intended or improper storage or handling.
- 13) Failure due to edge corrosion or misapplication of material.

This warranty shall be subject to the stipulation, limitations, and conditions hereinafter set forth:

- 1) The Bryer Company's liability for breach of this warranty shall be limited exclusively to the cost of either repairing nonconforming panels, or at The Bryer Company's sole option replacing nonconforming panels. This is your only remedy for defective products.
- 2) The Bryer Company's total liability for all claims of any kind shall not exceed the purchase price paid. The Bryer Company shall not in any event be liable for the cost of labor expended by others on any nonconforming sheet or for any special, indirect or consequential damages to anyone by reason of the fact that such panels are nonconforming.
- 3) This warranty also applies to the material repaired or used to replace the nonconforming material, but only for the unexpired portion of the warranty period applicable to the original material.
- 4) Claims must be reported in writing to The Bryer Company during the warranty period and not more than thirty (30) days after detection of any apparent defects and The Bryer Company shall be given a reasonable opportunity to inspect the panels claimed to be nonconforming. Adequate identification of the material involved in the claim, including date of installation, The Bryer Company order number, and invoice number, must be established by the Buyer.
- 5) Buyer shall exercise diligence in his inspection of sheets as received from The Bryer Company so as to mitigate repair or replacement.
- 6) The Bryer Company extends this warranty solely to the original Buyer. This warranty is nontransferable and non-assignable.
- 7) The Bryer Company reserves the right to terminate this warranty at any time (except as to orders already accepted).
- 8) The Bryer Company shall have no obligations under this warranty unless and until it receives payment in full for materials furnished.
- 9) This warranty is not valid until it is registered with The Bryer Company by returning a completed registration form.

THE BRYER COMPANY MAKES NO GUARANTEES, EITHER EXPRESS OR IMPLIED OTHER THAN AS STATED HEREIN, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF FITNESS AND MERCHANTABILITY OR FITNESS FOR ANY PURPOSE. THE BRYER COMPANY SHALL NOT BE RESPONSIBLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES OR ANY LOSS OF ANY KIND WHATSOEVER.
